APPROVAL OF STATE ENGINEER	
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the	ıė
	in .
following limitations and conditions: This permit to change the point of diversion	· · '
of the waters of an underground source as heretofore granted under	
Permit 21816 is issued subject to the terms and conditions imposed	!
in said Permit 21816 and with the understanding that no other rights	:
on the source will be affected by the change proposed herein. The	
well shall be equipped with a 2-inch opening, an air line and a weir	:
or other type of measuring device at or near the well to facilitate	
the measurement and control of the water. If well is flowing, a valv	e
must be installed and maintained to prevent waste. The State reserve	s
the right to regulate the use of the water under this proposed change	;
at any and all times.	į
The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and no	j t
to exceed 2.4 cubic feet per second but not to exceed a	. <u> </u>
yearly duty of 4.0 acre-feet per acre of land irrigated from any and/	· 17
all sources.	- -
Actual construction work shall begin on or before November 21, 196	<u>«</u>
Proof of commencement of work shall be filed before December, 21, 3296	7.
Work must be prosecuted with reasonable diligence and be completed on or before. November 21, 196	7
Proof of completion of work shall be filed before December 21, 196	- 1
Application of water to beneficial use shall be made on or before Eebruary 35, \$968	
Proof of the application of water to beneficial use shall be filed on or before March 3. 1968	
Map in support of proof of beneficial use shall be filed on or before March 3, 1968	**
